Go to the Modelo in Angra. Get on the rapida and follow the signs through four or five traffic circle to Sao Mateus. When you come to a traffic circle that has another side road on it, there will be a blue hotel directly across the street. You'll want to take the second right so drive like you're going to park in front of the blue hotel. When you turn right the vet clinic is about 100 yards down the street on your right hand side. It is an orange and white building.
